.Q: What is the difference between a 913 (NVDA) and a 922 (optical) Braille reading device? I've recently moved to a new country, and I'm using a braille display to read their text/application files. I saw some of the text I have to read already has metadata. For example, I need to read "e-mail". It is provided with a different font, and the letters are grouped in various ways to make it easier for my brain to be able to read the word. I'm considering buying one of these "reading glasses": It has a menu that looks like this: What is the difference between the 913 and the 922? A: The 913 is an optical reader. The 922 is a tactile reader. As per the Wikipedia article the 913 is an option for adaptive vision devices. Q: How do I change the look of the "Load More" button in my table view Looking for ideas on how to modify the look of the "load more" button in my table view. I am trying to essentially emulate the functionality of the "Facebook" feed where there's this grey loading spinner instead of a plain gray "Load More" button. Can someone suggest how I would modify this look to emulate Facebook's look? A: My suggestion is to have a UIActivityIndicatorView on top of the tableview and the "load more button".

You could use the good old Facebook example for inspiration. /* * @file sysexec.h * * @brief * * @author * Minmin Gong * * @see * mongodump.h * * @par * Crazy Egg Data Science * * @par * Copyright (c) 2016-2020, Crazy Egg Inc., Pty. Ltd. * All rights reserved. 6d1f23a050
